Brief Constructed Response Prompt: Explain how a person might use the population pyramids above to predict which country is likely to experience the higher birth rate over the next 20 years.

Desired Answer(s): 2 Examples

- Width of the base
- Percentage of population of child bearing age

Desired Response(s): 2 Examples

- When the base is wide there is a larger percentage of people in the child-bearing age.
- In 20 years there will be a larger percentage of women in India able to have children than in France.

Rubric

- 2 = This response gives a valid answer with an accurate and relevant response
 1 = This response gives a valid answer with an inaccurate, irrelevant, or no response.
 0 = inaccurate or no answer.
